CONCLUSION

YOU'RE ON YOUR WAY!

Setting Goals

Your dreams in life will help you know where you want your money to take you. Now it is time to turn those dreams into goals. Write your goals down in the chart below and keep it. You may want to buy a car, a computer, or a house- think big! This may seem silly at first, but successful people have done this for centuries. It works because constant reminders of our goals inspire us to make better choices. When we make better choices about how to spend- and save- our money, we create more opportunities to achieve our goals.

Goal	Deadline	Amount of money needed	Priority (How much importance does this have to me? High, medium, low)
